Routed out shelf for
installation bracket

Cross Section

Material: Western Cedar

Turned Portion: 15" tall shifted $\frac{1}{2}$ " from center towards the top.

Construction: This newel post is made with 4 pieces of cedar with a $2\frac{1}{2}$ " hollow center.

- Hollow section is depicted by the dotted line.
- There is a routed out shelf located at the top and bottom of the newel post to allow for the installation bracket.

Note: For newel posts of a different length the center of the turned portion will be located $\frac{1}{2}$ " towards the top from the center of the total length of the newel post.
